

Barnardos
Online Safety
Programme

Workshop for Teachers

Duration: 60 minutes (Croke Park Hour)

Group size: unlimited

Costs: €50 for up to 4 workshops per day, one of which can be a teacher workshop

Overview

Barnardos online safety workshops for teachers are based on current research and best practice in promoting online safety for children. It aims to empower teachers and increase their confidence in teaching about online safety. It is interactive and builds on the participant's knowledge. Each school receives a copy of Google's Be Internet Legends lesson plan pack.

Topics covered are:

- Online safety policy in Ireland
- Resources on how to teach online safety
- Settings on social media
- Cyberbullying and how to respond as a school
- How to encourage digital wellbeing
- Online gaming and screen time
- Grooming and how to spot the signs in students

Learning outcomes

Teachers will be able to:

Discuss recent online safety policies in Ireland

Summarise the key risks associated with being online for children

Signpost others to helpful resources on how to teach online safety in schools

Reflect on how to improve their school's whole school approach to cyberbullying
